Danube Knowledge Cluster

Whilst establishing the Cluster, a principle of partnership was followed. Legal persons from Danube Region countries may become members if they are active in:

- **The public sector** (cities, self-governing regions and their associations),
- **The academic and intellectual sector** (universities, research institutes and churches),
- **The private, non-public and entrepreneurial sector** (state and private entrepreneurial entities, including banks, non-profit sector).
- Current members from Slovakia, Romania, Germany, Poland and Czech Republic

Internet application

The screenshot displays the KClient web application interface. The top navigation bar includes the KPMG logo and the text "KClient". The main content area shows a folder named "DKV_Project_09" with a description: "a folder created by Richterova, Darina on 4 VIII 12". Below this, there is a section titled "„The Danube Knowledge Cluster - stepping up the institutional cooperation in the Danube Region“" with a "create" button. A sidebar on the left lists various project folders, including "Contact List_Project_9", "DKV_Project_12", "DKV_Project_16", "DKV_Project_17", "DKV_Project_22", and "Recycle Bin".

Overlaid on the interface is a window titled "Contact List_Project_11 - Mozilla Firefox" displaying a table of contact information. The table lists project members with their names, email addresses, institutions, and phone numbers.
