# What we need to have for SAFE ROADS

Your Road Safety is on our  
**RADAR.**

# Project Objective S

-**Identify risk** on road network and define cost-effective solutions to reduce risk by **improving road infrastructure**.

-How to do more with less?

-**Enhance transnational cooperation** between stakeholders to build strategy that will save lives on roads.

-What we can learn from each other?

-Establish **training courses** and **implement study visits** for road safety professionals.

-How we can improve skills of relevant professionals and stakeholders?

**Your Road Safety is on our  
RADAR.**

# Project outputs

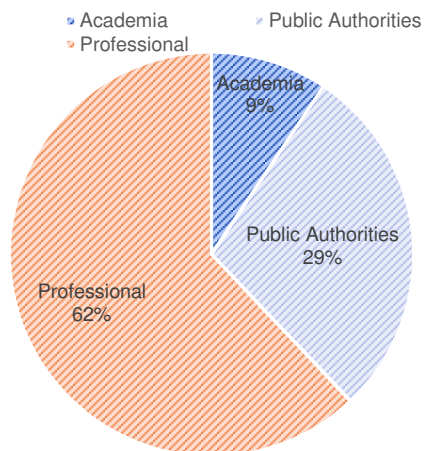

- **Road Safety Procedures Training Concept – Concept, Material, Software** – all translated to 6 principal languages of participating countries
- **Training Courses** – SLO, CRO, BG, BiH, MNE, AT, HU, CZ +one online
- **Study Visits** – Safer Roads Investments Plans, VRU, Safety Around Schools, ITS and speed management
- Established **Road Safety Expert Group** that will work on the following **Road Safety Thematic Areas**
  - Safer Roads Investment Plans
  - Provision for Vulnerable Road Users
  - Intelligent Transportation Systems
  - Star Ratings Around School
- Deliver **Danube Infrastructure Road Safety Improvement Strategy and Action Plan** that will be adopted by ASPs

**Your Road Safety is on our  
RADAR.**

# Whom do we support with RADAR project?

## PEOPLE TRAINED

## Target Groups:

- 1) Professionals and Road Safety Engineers
- 2) National Public Authorities
- 3) International Organisations
- 4) Interests Groups / NGOs
- 5) General public

# What is coming next?

SABRINA PROJECT

Your Road Safety is on our  
RADAR.

# Thank you for your kind attention!
